For high tension exterior wiring, made of 1 1/4-inch pipe. Triple petticoat porcelain insulator. Twenty-inch radical wave porcelain enameled steel reflector

Design No. 39702.

Code Word, Fixalun.

Price, \$9.50

For high tension interior wiring, made of 1 1/4-inch pipe. Porcelain insulator tested to 35000 volts. Twenty-inch radical wave porcelain enameled steel reflector

SOCKET LAMP AND WIRING NOT INCLUDED.

THE MORRIS IRON COMPANY

Design No. 39704.

Code Word, Fixable.

Price, \$7.00.

For high tension exterior wiring, made of 1 1/4-inch pipe. Triple petticoat, porcelain insulator. Twenty-inch radical wave porcelain enameled steel reflector.

Design No. 39767.

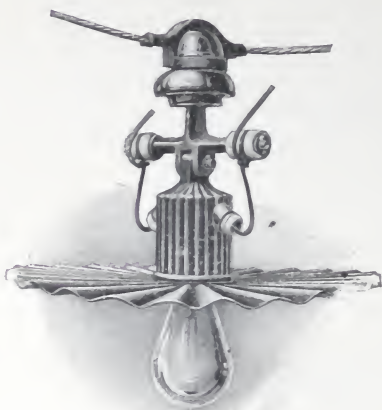

Code Word, Koperoker.

Price, \$3.35.

For high tension interior wiring, made of 1 1/4-inch pipe. Porcelain Triple petticoat glass insulator and porcelain spools. Made of 3 4-inch porcelain enameled steel reflector.

SOCKET LAMP AND WIRING NOT INCLUDED.

THE NEW "ON THE LEVEL" FIXTURE.

"On the level" means that the reflector is always level, under all conditions. The fixture is constructed so that lamp, reflector and canopy hang from swing joint below the break arm.

A strain upon the leading-in wires may pull the break arm and insulator out of alignment but will have no effect upon the position of the reflector.

Whether span wires are strung level or not the reflector always remains level.

The best grade standard type porcelain insulators are used throughout and so arranged as to provide perfect insulation.

Design No. 60000.

Code Word, Leveler.

Price, each \$7.50

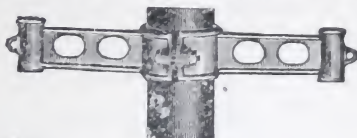

Includes 20-inch radical wave reflector, but not lamp or socket.
Machined to take either series or multiple socket.
